

Help our drivers make safe deliveries to your company.

An injury in your delivery bay can block the bay—and delay your deliveries.

Oh, no!

Hooray!

Successful deliveries are safe deliveries!

Inspect your delivery bay:

- Maintain good lighting.
- Remove debris.
- De-ice or fill potholes.
- Check for appropriate material handling equipment.
- Maintain dock plates and doors so they function well.
- Other _____

Thank you for helping keep our drivers safe!
